

## SNOWSHOE TRAILS

### Frontier Point Nordic Center • 332-5390 Trail passes & rentals

**“Billy Goat Trail”** – 1 km in length; Begins down the Connector and branches off to the west, heading off trail and downhill until it meets the junction of the Flush and Two Deer. Follow Two Deer back uphill to the Connector, turn left to return to the Nordic Highway & the Nordic Center. **Gold blazed markers.**

**“Streamside Trail”** – 1.5 km in length; Joins Mountain Goat trail to complete either a 2.5 or 3 km loop. Trailhead is located at the junction of Redtail Trail and the Connector. The trail parallels the Nordic Highway and follows the stream (may not be readily apparent depending on snow depth) and drops downhill crossing the Flush. Continue along the stream and through the forest until it connects with Mountain Goat trail. One can follow North Mountain Goat back uphill for a 2.5 km loop or follow South Mountain Goat up through the Stadium for a 3 km loop. **Red blazed markers.**

**“Mountain Goat Loop”** – 2 km loop created by joining North & South Mountain Goat Trails. This trail can be accessed from the Connector. North Mountain Goat drops down and travels on parts of Two Deer, Meadow and the Flush before it joins Streamside or South Mountain Goat trails. Either trail climbs up the hill and returns you to the Nordic Center. North has **purple blazed markers.** South has **orange blazed markers.**

#### Snowshoe Etiquette:

- Snowshoeing is allowed on the outside edges of the Nordic ski trails, traveling in single file
- Yield to skiers if on Nordic ski trails
- Snowshoe trails are not groomed and are relatively challenging (comparable to either more or most difficult trail designation)
- Snow conditions are not guaranteed
- Staying within ski area boundaries is the responsibility of the snowshoer
- Ski patrol is on duty only during regular weekend hours of operation and for special events
